HRSD Traffic Advisory

March 27, 2009

Chesapeake Avenue Closure Planned

A major pipeline replacement project will require both lanes of Chesapeake Avenue between Locust Avenue and Claremont Avenue to be closed during construction. The closure, which will remain in place for about four weeks, is expected to begin April 1st.

A detour will be marked. Motorists heading east on Chesapeake Avenue will be directed left onto Locust Avenue, right onto Shatto Drive and right onto Claremont Avenue, which will intersect with Chesapeake Avenue. (Click [here](#) to see map.)

The construction schedule is subject to change due to weather or other unanticipated events. HRSD regrets any inconvenience this temporary closure may cause. For more information, please call the HRSD Project Manager at 757.460.7016.
