

## **A MESSAGE TO OUR NEIGHBORS**

January 12, 2012

### **HRSD Pipeline Condition Assessment To Occur Along Military Highway from Rokeby Road to Weber Avenue**

Contractors will soon begin activities to assess the condition of the sanitary sewer pipeline under Military Highway from Rokeby Road to Weber Avenue. To prepare for this work, several intersections between these roads on the south side of Military Highway will be closed intermittently during January and February. Through traffic along Military Highway will not be affected. The closed intersections will be reopened as soon as possible.

The contractor, T. A. Sheets, Inc., will do its best to minimize any inconvenience during this project. There will be no interruption of sewer service, and access to all residences will be maintained throughout the project. Area residents may notice frequent construction traffic but nighttime work is not planned; however, some weekend work is possible.

If you have any questions or concerns, please call the HRSD Public Information Office at 757.460.7056.
