

**PUBLIC NOTICE FOR REQUEST FOR QUALIFICATIONS
FOR DESIGN-BUILDER**

Solicitation No. 404567

PROJECT: James River SWIFT Facility (GN016360) and
James River Treatment Plant Advanced Nutrient Reduction Improvements (JR013400)

Notice is hereby given that the Hampton Roads Sanitation District (HRSD) requests Statement of Qualifications (SOQ) from qualified Design-Builders for the design, construction, and commissioning of 2 capital projects: James River SWIFT Facility (GN016360) and James River Treatment Plant Advanced Nutrient Reduction Improvements (JR013400).

The evaluation and selection of the Design-Builder shall be based on the evaluation plan specified in the Request for Qualifications (RFQ) which provides for a three-step proposal submission process consisting of an initial RFQ, a subsequent Request for Proposals (RFP), and a Price Proposal. HRSD shall evaluate each SOQ and select 2 or more proposers for further consideration. HRSD shall select a Design-Builder on the basis of all information developed during the selection process that best serves the interest of HRSD. Only Design-Builders short-listed as a request of this RFQ will be allowed to submit a proposal under the RFP and a price proposal.

Any Design-Builder desiring consideration may submit a SOQ online through HRSD's Online Oracle ERP system (<https://www.hrsd.com>) until 11:00 a.m., local time on March 10, 2020. Failure to submit a SOQ through HRSD's Online Oracle ERP system prior to the due date and time will be cause for rejection by HRSD.

The RFQ may be viewed by logging into HRSD's Online Oracle ERP system. All Proposers must be registered in advance of submitting a SOQ. Technical questions should be submitted through HRSD's Online Oracle ERP system as an online discussion. Questions related to submitting a SOQ or using the online system should be directed to the ERP HelpDesk at erphelp@hrsdc.com or 757-460-7318 or Shannon Rice at srice@hrsdc.com or 757-460-7005.

A non-mandatory pre-qualification conference will be held at HRSD North Shore Operations Center, 2389 G Ave, Newport News, VA, 23602 at 9:00 a.m. on February 20, 2020.

This project is anticipated to be funded in part under the Virginia Clean Water Revolving Loan Fund, the Virginia Water Quality Improvement Fund, U.S. Environmental Protection Agency's Water Infrastructure and Finance Act, and possible other sources.
