Solicitation No. 406708

PROJECT: Tabb Pressure Reducing Station and Offline Storage Facility (YR010900)

LOCATION: York County, Virginia

ENGINEER: Hazen and Sawyer, 4500 Main Street, Suite 500, Virginia Beach, Virginia 23462

The Hampton Roads Sanitation District (HRSD) will receive electronic Bids for the above referenced project online through HRSD's Online Oracle ERP system (<https://www.hrsd.com/engineering-task-submittals>) by October 31, 2023, no later than 2:00 p.m. local time. Failure to submit a Bid through HRSD's Online Oracle ERP system prior to the due date and time will be cause for rejection by HRSD. Interested firms can attend the virtual bid opening at the following link [Bid Opening](#) or call +1 757-524-3781 and use Conference ID 314785310#.

Procedures for submitting a Bid, claiming an error, withdrawing of Bids and other pertinent information are contained in the Instructions to Bidders. HRSD reserves the right to reject any or all Bids, waive any informalities, or negotiate with the low bidder as described in the Instructions to Bidders.

Bid Documents may be viewed by logging into HRSD's Online Oracle ERP system. All Bidders must be registered in advance of submitting a Bid. Technical questions should be submitted through HRSD's Online Oracle ERP system as an online discussion. A link to the How-To Guides are available at the bottom of the webpage link above to assist with navigating the HRSD online system. Additional questions related to submitting a Bid or using the online system should be directed to the ERP HelpDesk at erphelp@hrsdc.com or 757-460-7318 or Rebecca Ashley at rashley@hrsdc.com.

Contractor registration in accordance with Title 2.2, Chapter 43 and Title 54.1, Chapter 11, Code of Virginia is required.

The Project or Work consists of furnishing and installing pipelines, utilities, associated appurtenances, and all associated work to complete the construction of new pressure reducing station and 2.5MG offline storage facility. The pressure reducing station will include 8 pumps, connections to existing force main in the York River and James River systems and the odor control system. Other work elements include erosion and sediment control, stormwater management improvements, paving, maintenance of traffic, nature trails and site restoration.

A pre-bid conference will be held at the jobsite located at 900 Yorktown Road, Yorktown, Virginia on September 28, 2023, starting at 2:00 p.m. local time. Participants should enter through Big Bethel Road by driving past the fire station at 4405 Big Bethel Road, Yorktown, Virginia 23693. Attending the conference shall not be mandatory, but strongly encouraged, on this for those submitting a Bid. A site visit will be held immediately following the pre-bid conference. No other site visit will be provided.

Note: A virtual option will not be available since the pre-bid conference is onsite.

A Bid Bond in the amount of 5 percent of the Bid shall be submitted electronically with each Bid.
