Solicitation No. 406759

PROJECT: Williamsburg Treatment Plant Outfall Flow Control System Repairs (WB013100)
LOCATION: James City County, Virginia
ENGINEER: HDR Engineering, Inc., 249 Central Park Avenue, Suite 201, Virginia Beach, Virginia
23462

The Hampton Roads Sanitation District (HRSD) will receive electronic Bids for the above referenced project online through HRSD's Online Oracle ERP system (<https://www.hrsd.com/engineering-task-submittals>) by November 21, 2023, no later than 2:00 p.m. local time. Failure to submit a Bid through HRSD's Online Oracle ERP system prior to the due date and time will be cause for rejection by HRSD. Interested firms can attend the virtual bid opening at the following link [Bid Opening](#) or call +1 757-524-3781 and use Conference ID 18173001#.

Procedures for submitting a Bid, claiming an error, withdrawing of Bids and other pertinent information are contained in the Instructions to Bidders. HRSD reserves the right to reject any or all Bids, waive any informalities, or negotiate with the low bidder as described in the Instructions to Bidders.

Bid Documents may be viewed by logging into HRSD's Online Oracle ERP system. All Bidders must be registered in advance of submitting a Bid. Technical questions should be submitted through HRSD's Online Oracle ERP system as an online discussion. A link to the How-To Guides are available at the bottom of the webpage link above to assist with navigating the HRSD online system. Additional questions related to submitting a Bid or using the online system should be directed to the ERP HelpDesk at erphelp@hrsdc.com or 757-460-7318 or Rebecca Ashley at rashley@hrsdc.com.

Contractor registration in accordance with Title 2.2, Chapter 43 and Title 54.1, Chapter 11, Code of Virginia is required.

The Project or Work consists of the replacement of valves and piping inside the flow control valve vault located on the Williamsburg Treatment Plant Outfall and the installation of a new valve control panel. The work generally includes, but is not limited to, installation of process piping, electrical systems, control systems, and associated trade work. In addition, line stop flow diversions and bypass pumping is required to maintain flow through the plant outfall diffuser while work is being performed.

A pre-bid conference and site visit will be held at the Williamsburg Treatment Plant, 300 Ron Springs Road, Williamsburg, Virginia 23185 on October 31, 2023, at 1:00 p.m. local time. Attending the conference shall not be mandatory for those submitting a Bid. A site visit will be held immediately following the pre-bid conference and no other site visit will be provided. A virtual pre-bid conference will be held for those unable to attend the conference and site visit in person at the following link [Pre-Bid Conference](#) or call +1 757-524-3781 and use Conference ID 157979108#.

A Bid Bond in the amount of 5 percent of the Bid shall be submitted electronically with each Bid.
