

Effective July 1, 2009, HRSD began offering residential customers two options to help avoid high seasonal bills that result from filling/refilling swimming pools and irrigation usage. These options are available for customers that do not discharge a significant portion of water into the sanitary sewer system.

1. To avoid high seasonal charges, you may choose to pay the flat rate in HRSD'S current <u>rate schedule</u>. This offers the advantage of allowing you to precisely budget your HRSD expenditures for the year. This rate is based on the winter average residential water consumption of existing flat rate accounts. As of July 1, 2021, the winter average for current flat rate accounts is 8.16 CCF per month. Below is an example of how to calculate a monthly average.

Billed Bimonthly:

Meter Number	Previous Read 02/06/12	Current Read 04/06/12	Usage		Usage
40661505	1,251	1,262	11 CCF)	8,228 GAL

Find the last 6 bills and add the Usage from each 17, 20, 24, 18, 30, 11

Add the usage: 17 + 20+ 24 +18 + 30 + 11 = 120
 Divide by the number of months: 120/12 = 10

- Average monthly usage is 10 CCF The flat rate would be beneficial to this customer.
- 2. You may have your water purveyor install a separate water meter for filling your pool, watering your lawn, washing your car, etc. If you use only water plumbed to that meter for these purposes, then you will avoid treatment charges for water that does not enter the sanitary sewer. You should contact your water purveyor for details because in some localities this option also may allow you to avoid local sewer charges.
- 3. The General Manager or Director of Finance may approve a flat rate account for water meters greater than 1" if the requester provides sufficient evidence that there is a significant portion of water that is not discharged into the sanitary sewer system relative to average residential water consumption.

If you would like to become a flat rate customer, please return the attached form and email it to hrsd.billing@hrsd.com. If you would like to have a separate meter installed, please contact your water purveyor. For your convenience, we are providing the phone numbers of local water utilities on the attached form.

If you have questions regarding these options, please contact HRSD Customer Service using one of the following methods:

- 1. Email: Ask@hrsd.com_Please include your name, account number and service address.
- 2. Phone: (757) 460-2491. If you are calling from outside the local service area, our toll-free number is 1-888-275-4782.

FLAT RATE ENROLLMENT
