

HRSD Capital Improvement Projects:

GN016391 - VIP SWIFT Tertiary Site Work (Design-Bid-Build)
GN016392 - VIP SWIFT Tertiary Facility (Design-Build)

HRSD is advancing two projects at Lambert's Point in Norfolk, Virginia as part of the Sustainable Water Initiative for Tomorrow (SWIFT). SWIFT takes highly treated wastewater effluent and provides additional advanced treatment to produce SWIFT Water®, which meets drinking water standards. To meet 2032 total phosphorous discharge limits, GN016391 Site Work will prepare the land, and the GN016392 Tertiary Facility will construct the necessary treatment upgrades. Both teams must work closely to ensure seamless integration.

SITE WORK SCOPE (GN016391)

LANDFILL WASTE
REMOVAL AND
DISPOSAL

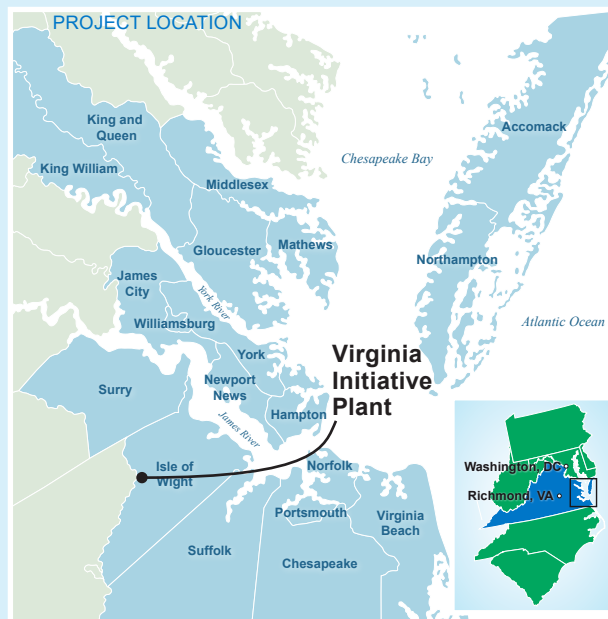

EXCAVATION SUPPORT
SYSTEMS FOR LANDFILL

LANDFILL DEWATERING

CLOSE COORDINATION
WITH THE DB TEAM FOR
TERTIARY FACILITY

TERTIARY FACILITY SCOPE (GN016392)
