Battlefield Boulevard at Great Bridge Locks Reopened to Traffic

CHESAPEAKE – Battlefield Boulevard at the Great Bridge Locks was reopened to traffic by 8:00 a.m. today following completion of an emergency repair of a sanitary sewer line in the roadway north of the locks.

HRSD staff responded immediately when alerted to a leak last night at approximately 8:00 p.m. After excavating the site, the problem was determined to be corroded bolts that held a valve cap in place on the 20-inch cast iron force main. HRSD crews worked through the night to complete the repair so the roadway could be reopened this morning.

###

HRSD, a political subdivision of the Commonwealth of Virginia, was created by public referendum in 1940 and currently serves 17 cities and counties in southeast Virginia, an area with a population of 1.6 million.

Our Mission: We protect public health and the waters of Hampton Roads by treating wastewater effectively.
