# 2023 POLLUTION PREVENTION (P2) AWARDS

The annual P2 awards honor industrial and commercial dischargers for outstanding multi-media P2 efforts. HRSD recognizes organizations that look beyond traditional treatment, control and disposal methods and focus on source reduction techniques. Emphasis is placed on wastewater discharges, but other media (air and land) efforts are strongly considered by the judges. Industries are given the opportunity to tell their success stories in their P2 award applications. A panel of five judges reviews the applications to determine the winners in each of the following categories.

## THE WINNERS ARE:

Up to 100 employees:

**Waste Management - Bethel Landfill**

101 - 1,000 employees:

**Canon Environmental Technologies,  
Incorporated**

Greater than 1,000 employees:

## Eastern Virginia Medical School

Eastern Virginia Medical School (EVMS), located in Norfolk, Virginia opened its doors in 1973. It is an academic health center dedicated to achieving excellence in medical and health professions education research and patient care. EVMS has seen steady growth since its opening, starting with just 27 medical students to now having more than 1,400 students enrolled in 21 different programs driving an annual \$1.2 billion in local economic activity. Recently, EVMS announced a merger with Old Dominion University, creating the largest academic health science center in Virginia.
