

Section XXXVI - Master Specification Sections Overview

- A. Introduction – Included in this publication are the below listed master specifications. These are to be used by the FIRM for Bid Document preparation for HRSD engineered construction projects along with other technical specification sections as developed by the FIRM. These sections are intended to be used primarily for interceptor system projects. The original versions of the HRSD provided specification sections are available in Microsoft Word format with Tracked Changes enabled on HRSD’s homepage under *HRSD Design and Construction Standards*. The FIRM is to keep the Tracked Changes mode enabled when making suggested edits for the HRSD Project Manager’s approval.
