

## CONSTRUCTION NOTICE UPDATE for HAMPTON August 2017

### Kecoughtan Road Sanitary Sewer Pipeline Replacement Construction

--KECOUGHTAN AND IVY HOME ROAD INTERSECTION WORK--

HRSD, your regional wastewater treatment utility, continues working on a project to replace approximately 1,000 linear feet section of sanitary sewer pipelines connecting to and located along Kecoughtan Road from Ivy Home Road to Clyde Street.

#### WHAT YOU NEED TO KNOW:

- **Next week, the contractor will begin pipeline installation work crossing from one side of Ivy Home Road to the other, through the Kecoughtan Road intersection.**
- **Kecoughtan Road will maintain one lane of traffic in each direction.**
- **No left-hand turns at the intersection will be available in any direction.**
- **The existing detour will remain in place to assist motorists navigate the construction.**
- **In an effort to complete this work as quickly as possible, once begun, work will continue around the clock until complete.**
- **This work is estimated to take two weeks.**

While our project team works diligently to minimize impacts, you may notice increased noise, traffic and the crews and heavy equipment (with back-up safety alarms) associated with construction. Please take care when traveling around the construction area and for your safety, do not enter the site.

For additional information please visit the project's website page,  
[www.hrsd.com/Kecoughtan](http://www.hrsd.com/Kecoughtan).

Thank you for your support of this effort to help achieve HRSD's vision:  
***Future generations will inherit clean waterways and are able to keep them clean.***
