

CONSTRUCTION NOTICE CITY of WILLIAMSBURG October 2017

Williamsburg Sanitary Sewer Pipeline Replacement

--Project Closeout Notification--

The contractor for HRSD, your regional wastewater treatment utility, has completed the replacement pipeline installation project in your area.

As the newly installed pipeline is now in service, the contractor will begin the removal of the old pipeline no longer being used. You may notice the contractor working adjacent to your residence within the existing easement performing this work.

This work should begin this month between the hours of 8 a.m. to 5 p.m., Monday through Friday and is estimated to take three months to complete.

HRSD maintains a one-year warranty period with the contractor to review items that may need to be addressed after final restoration. If you have any areas of concern, please let us know so these items may be addressed through this process.

HRSD would like to thank you for your understanding and patience during this important effort to help achieve HRSD's vision:

Future generations will inherit clean waterways and are able to keep them clean.
