- 1 Report Frequency** – Refers to the regularity of a submittal obligation. Report frequency can be monthly, bi-monthly, quarterly, semi-annually or annually.
- 2 Monitoring Period** – Refers to the date range that a submittal obligation must be performed in.
- 3 Due Date** – Refers to the date that the obligation must be submitted/certified on or before.
- 4 Report Status** – Refers to the condition that the reporting requirement is currently in. Statuses are defined as:
  - Not Started** – The reporting requirement has yet to be opened, edited or begun.
  - Pending** – The reporting requirement has been started but not yet completed, certified or submitted and it is still prior to the due date.
  - Over Due** The reporting requirement has not been completed, certified and submitted on or before the due date. It is late.
- 5 Submission Status** – Indicates whether a submittal has been started. Any submission that has been started by anyone will have the status of 'Open'.
- 6 Recent Emails** – Quick link to 30 day history of system generated emails for all submittal types.
- 7 Amend/Revised** – Quick link to any submittals that are pending revision.
