Manual Ticket Training for Regional Residuals Facility (RRF) Users

October 23, 2025

Why Should You Care?

- Manual tickets are a record of an HRSD business transaction.
 - Used for billing and to properly document wastes received by HRSD.

 - Haulers may face enforcement action if they fail to obtain a completed, signed manual ticket.

When To Use a Manual Ticket

To include, but not limited to:

- Scale system down/offline.
- Scale transaction timed out.
- Scale ticket did not print.
- Driver selected the incorrect waste type.
- Badge not functioning properly.

Manual Ticket

- Visit plant lab or contact plant staff using a call box. They will direct you to the manual ticket book.
